Mrs. Venn, of Venn's Island, Dies in Chicago

Member of Prominent Fam- ily Passes Away at Age of 85

The passing of Mrs. Marie Louise Venn, nee Dinot, at the age of 85 Monday in her home at 877 Milwaukee avenue in Chicago recalled to many old-time residents of the lakes region memories of Antioch's earlier, romantic days in the late '90's and early 1900's.

Mrs. Venn was the widow of Dr. Charles Venn, one of the prominent early physicians of Chicago's north-west side, who passed away about 20 years ago. The family has for more than 48 years maintained a summer home on Venn's Island in Lake Marie.

Services were held this morning from the funeral home at 4041 West North avenue at 10:15 a. m. to St. Boniface's church, with burial in St. Boniface's cemetery.

Mrs. Louise Dinot was born in Belfort, France, Feb. 21, 1860, coming to this country at the age of 13.

The home in which she passed away was built by her father, Joseph Dinot, and she had resided in it continuously since her childhood.

Grandchildren in Service

She is survived by three sons, Theodore, Charles and Henry; a daughter, Mrs. P. B. Juhnke; 11 grandchildren, P. B. Juhnke, Jr., Lt. Adele Juhnke, Capt. Charles J. Juhnke, Mrs. Marilou Daniels, Mrs. Mary Ruth Clarke, Frances Venn, Pfc. Charles J. Venn, Ens. Virginia Venn, Corp. Henry L. Venn, A/C Thomas Venn, Florentine Venn, and seven great-grandchildren.

She is also survived by a brother, Henry G. Dinot.

Mrs. Venn had been in poor health during most of the summer.

Mrs. Lyle E. Gorham Is Buried at Millburn

Mrs. Lyle E. Gorham, 66, who passed away at her home in Davenport, Ia., Tuesday, was buried in Millburn cemetery last Thursday afternoon. Funeral rites were held in Davenport.

Mrs. Gorham, who was born in Ireland in 1879, was brought to this country as an infant. For the past 27 years, she had been a resident of Davenport.

Surviving are her husband, who was the son of the late Mr. and Mrs. Charles Gorham of Waukegan; a son, John E. Gorham of Spring Lake, Ia., and a grandchild.

News of the Boys in Service

From Frederick J. Zilke, AMM 1/c, Honolulu, T. H.—

"Now that we can tell where we are at, and also have a permanent address, I can once more write.

"Am now stationed here at Naval Air Transport service, Honolulu, for the termination of my rating on the point system.

"I was surprised to run into George Bartlett, who is foreman in the metal shop, and Ed Dressel, who is in charge of the machine shop. We had quite a gab fest. George told me he had seen quite a few of the Antioch fellows as they went through here.

"Not much news here, except the main topic of conversation—points, and homeward bound, and how soon? Sure will be a great day when all the fellows are home. Then we in Antioch can throw a real party.

"The weather is nice here. Never rains hard, but we miss that good old snow."

Hold Inquests on Three Lake Boat Deaths in Week

"Accidental Drowning" Verdict Returned on Eggebrechts

Death by accidental drowning was the verdict returned by a coroner's jury called by Garfield R. Leaf for an inquest into the death of Russell Eggebrecht, 34, and Raymond Eggebrecht, 42, brothers, both of Chicago, in a rowboat and speedboat accident on Long lake Sunday, Sept. 1.

The inquest was held in the Strang Funeral home here Tuesday morning.

The Eggebrecht brothers were drowned when the rowboat from which they were fishing was overturned by the back wash from a speedboat, which failed to stop. It was at first thought that the Eggebrecht craft had been struck by the speedboat, but evidence brought out at the inquest indicated that the heavily laden rowboat capsized in the waves thrown up by the close approach of the speedboat.

Three others in the boat, Mrs. Raymond Eggebrecht, 42, and two nephews, Robert Warren, 12, and James Kemp, 5, were also thrown into the water but managed to stay afloat until they could be rescued.

Coroner Harry Ehorn of McHenry county opened an inquest Sunday night into the death Sunday afternoon of Arnold Loren Dubow, 10, which resulted from a collision Sunday afternoon on Fox Lake just north of McHenry.

The lad, who was in a motor-powered boat in front of his summer home when his craft and a Gar Wood speed boat driven by Curt Teich, Jr., of Bluff lake, collided, was rescued from the water by Teich and taken to his home for first aid. He was removed to the Woodstock hospital, when it was found necessary to amputate one leg below the knee, and is reported to have succumbed shortly after the operation.

Like the Eggebrecht brothers, the Grabow lad's parents, who live at 927 Argyle avenue, Chicago, had only recently purchased their lake home, and were enjoying an outing there when the accident took place. The accidents in which the three lost their lives, occurring within a week of each other, were the first fatalities involving speed boats to take place on the lakes around Antioch for several years.

Individuals May Help to Purchase Lights for Field

Donations May be Made to Lions Club Committee Chairman

With funds already secured for a major percentage of the sum which will be needed for the project of furnishing High School Athletic field, the Lions club has announced that individual donations may now be received.

A number of individuals interested in the project have inquired in the past as to the possibility of contributing toward purchase of the lights.

F. J. "Bud" Arnold has been appointed by President Harry J. Krueger to head a committee to arrange for receipt of such donations.

Checks may be made payable to the Antioch Lions club, in care of Arnold.

The lights can be installed in time for Antioch's first home conference game, with Bensenville, Oct. 5, the Lions were recently assured.

Plans call for installations that can be used for football, basketball, and other sports during the fall, spring and summer months, and for skating and hockey in the winter.

Fire Prevention Week Will be Held Oct. 7-13

With the arrival of cold fall evenings when a small fire is often desirable, householders of this area are being urged by Antioch Fire Chief L. R. Van Patten to check their furnaces, furnace pipes, stoves and chimneys for flaws that might result in fires.

Attention is called by Fire Chief Van Patten to the observance of National Fire Prevention Week here Oct. 7-13, inclusive.

Inspections of public buildings and business houses in the village will be made by firemen during the week.

Soil Conservation is Planned to Build Up War-Depleted Farms

In line with a nation-wide soil conservation program, aimed at restoring farm lands on which a heavy drain has been placed by war production, is the Lake county program being planned for the coming months.

Township committeemen will call upon individual farmers during the winter and spring months to assist in working out programs for individual farms, it is announced by C. A. Faulkner, county AAA chairman.

Water conservation as well as soil building factors are to be taken into consideration in plans.

Plan to Remove Meat, Shoes from Rationing

Lake Villa Men's Club Plans Two New Projects

Photography Club and Teen-Ager "Night Club" Planned

Besides continuing to sponsor its previous projects for young people of the village, the Lake Villa Community club is planning to add a photography club and a "liquor-less night" club to the program for the coming year.

Plans for the teen-agers and a budget for the year were outlined at the first meeting after a two-month summer recess, held Tuesday evening in the Lake Villa Grade School gymnasium, with 75 present.

The club will again rent the gymnasium for the year for the use of the young people, who will be privileged to hold basketball games, dances and stage shows there.

A boys' workshop will be conducted in the village, under the charge of Charles Wallenbocher, during the winter months.

The club will furnish the dark room and other equipment for the photography group.

The "night club" is to be located in the basement of the village hall. Soft drinks will be served, and music from a "juke box" will be available for dancing.

Two guests were present at the meeting—Lt. Turner and Richard G. Boyer, war correspondent.

Lt. Turner, who has been visiting C. O. Hunt of Allendale farms, was shot down over Germany and spent a year in a German prison camp.

Boyer, son of Dan S. Boyer of Cedar Crest Acres, president of the club, spoke on "D Day to V Day in the European Theater."

Correspondent Boyer, who served with all of the European armies, including the French First army, recently received his discharge from the Office of War Information and has been visiting his parents at Cedar Crest.

After his talk, he answered a number of questions asked by members of the gathering.

Businesses for Vets

For G. I. Joe, who looks forward to a business career in rural America, here's encouragement. And encouragement, too, for farmers who need the services this Joe could perform.

George D. Hurrell, extension specialist in land use, at Michigan State college, has found a number of men who are already running service businesses out in the open country, and doing all right, thanks. These fellows see no reason why plenty more of the mechanically-trained young men, soon to come out of the service, couldn't do the same.

Some of these country businesses are in shops at the crossroads, others travel on trucks, still others have both shop and truck. Machine shops, electrical supplies and repair, plumbing, blacksmithing, groceries, sheep shearing—all of these and others are making money in rural Michigan.

British After Trade

British Reconversion to peacetime production is ahead of U. S., but trade experts can't see her capacity as big enough to endanger our industry. Furthermore, it was a case of do or die since lend-lease has been limited to war needs and England's civilian requirements necessitated it. —Pathfinder Magazine.

Speed Plus Old Cars Results in Accidents

Discontinuance of gasoline rationing will bring difficulties to motorists according to Mr. Charles M. Hayes, President of the Chicago Motor Club, who pointed out that more than 5,000 cars a day are going off the highways now, that the average age of cars on the road is eight years and that with additional mileage being checked off on speedometers the parade to the junk yards will be accelerated.

"It is estimated," said Hayes, "that the first six million cars off the assembly lines will be taken up by those who must have automobiles, such as physicians and clergymen."

"There is a market of eighteen million potential buyers which is going to keep the average man standing in line a long time. Motorists who are now rejoicing over the lifting of the rationing will be wise if they use care in their driving and if they are quick to have necessary repair work done."

"Naturally, extended touring is going to come into being, which means that worn out cars plus additional miles of travel will not only cause cars to deteriorate faster but that accidents will increase. The lifting of war-time restrictions will result in additional accidents unless great caution is used."

"Accident statistics show that the number of

fatalities in automobile injury accidents increases tremendously with increases in speed. At 20 miles an hour there are 12 fatalities in each 1,000 injuries. But at 51 miles an hour and over there are 92 deaths—nearly eight times as many. Evidence of this was demonstrated when the national speed limit of 35 miles an hour was made effective. Traffic deaths dropped 43 per cent."

Farms at Half Price

Bargains are hard to find, but there still are some of the real old-fashioned kind to be had, writes Harry M. Love, Professor of Farm Finance, Virginia Polytechnic Institute, in FARM JOURNAL.

Take farm land, for example. Most of it is extremely high-priced right now. But how would you like to buy a good farm for half-price, or even less? Does that sound good?

There's only one catch—you need a priority. Your priority is a mortgage dated four years ago or earlier. If your farm was mortgaged in 1940 or before, you can buy the unpaid balance right now, for half or less than it would have cost you when you first borrowed.

Today, to get the dollars it takes to pay off your debt, you will need sell only about half as much (or less) in apples, beef, chickens, corn, cotton, eggs, hogs, peanuts, tobacco, milk, wool, truck crops, wheat or whatever you raise, as you would have had to sell back in 1940.

If you went in debt as far back as 1932, you can pay it off now with only about one-fourth as much produce as it would have taken then.

The farmer who makes every possible payment on his mortgage at current prices not only is getting a real bargain on the principal, but he is earning much more interest on his money than could be realized in any equally safe investment. In addition, by freezing his farm of debt he gains more control over the future use and safety of his money.

Higher Prices Forecast

OPA prices on reconversion goods are due to give manufacturers a better break. Instead of clinging to 1942 price levels as a yardstick, plan now is to give more consideration to higher production costs.—Pathfinder Magazine.

Token of Danger

The ancients believed the opal stone possessed the power of magic, and the superstitious fancy holds that ill luck befalls the wearer of an opal unless it is his birthstone. The person who believes this superstition feels that he may wear the gem in safety if his birthday falls in October. Thus the old verse says: "October's child is born for woe. And life's vicissitudes must know. But lay an opal on her breast, And Fate shall lull her cares to rest."

Farm Reminders

When a horse or mule develops a bulging or swelling of the face below the eye it usually means that the large facial sinus is blocked with pus because of a bad molar tooth. Excess coughing in month-old pigs is usually due to migration of roundworm larvae through the lungs. Impotency in old bulls is often due to neglect in trimming the feet.

Football practice started last week with 46 boys going out for the game. Miss Barnes has been secured to take charge of the music department in the high school.

"Seaman training is available to all physically qualified men between 17 and 35 in deck, engine, steward, radio and purser-hospital corps departments. Men up to 50 years may enroll in the steward department. Opportunities for training, adventure, action and fast advancement are the best now in years," Commander Sexton said.

The regional recruiting officer went on to say, "Volunteers are badly needed. The tremendous supply job of delivering food and materials to our occupation forces all over the world and the re-development of troops must go on without delay."

Men who have sailed for 14 months on salt water in the deck or engine departments on vessels of 500 gross tons or more are qualified to enter Officer Candidate school as

"Am writing to ask you to change my address again and to thank you for the paper," says Cpl. Leroy E. Panzer, 3694685, 241 B. V. Sq. D, FAAF, Geneva, Nebr.

"It has come regularly as meal-time so far, for which I give you many thanks. I know it is hard to keep up to your boys in service, as Uncle Sam likes to move us 'quite often."

"The paper is sure enjoyed by myself and two companions. One is from Racine and the other from Kenosha, so it hits them quite well, also. My cousin is stationed 50 miles from here at Fairmont Air base, so I get to see him on weekends and that helps pass the time for both of us."

"If I should be shipped across the Pond, will you please continue to send me the paper?"

—V—

Pfc. Carl J. Miller, 662066, Co. B, 20th Amph. Aruck Bn., FMF—PAC, care of Fleet post office, San Francisco, sends in his change of address, and says:

"I have been receiving your paper and enjoyed every page of it. How is Antioch getting along? I sure will be glad to get back there. Please keep up the paper. We all enjoy it."

"I would like very much to have you continue to send the Antioch News to me," says Fred Hoekstra, S 1/c, 104 NCB Co., A-2, care of Fleet post office, San Francisco.

—V—

"Just a few lines to let you know I am still kicking the old ball around," commences Sgt. Gordon R. Collins, 36734450, 213 F. A. Serv. Batry., APO 40, San Francisco.

"It's been quite some time since I last wrote you, so I thought maybe I'd better do so. Since the war ended, I'll have to make up a new excuse instead of the old one of being too busy to write. We still are busy, but it has eased down quite a bit."

"I've been getting the paper more since VE Day than ever before, and

it's come to me in better shape than some of the fellows received theirs. (That's a compliment.) I hope that within the next two or three months I'll be getting them c/o Lake Villa instead of S. F. APO. I'm not the only one, though. I've been over here for 26½ months, so I figure I'll be near the top in getting back. (I can dream, can't I?)—And if the point system ever gets down to 65 or they have a recount, I will be getting the News in care of Lake Villa.

"I've never run across anyone from Antioch or Lake Villa ever since I've been overseas, but a lot of them are near me and have been near at times all the way from Hawaii through the Solomons to here."

"It was a long way around, but it will be a lot better and shorter ride back to the States, which I'm sure looking forward to."

"Well, I'll sign this off for now and thanks a lot for getting that little old paper to me all this time."

—V—

Lt. C. W. Hawkins, 4th Bn, 10th

Marines, Fleet post office, San Francisco, sends some kind words—

"For the past two years over here I have enjoyed reading the News and sincerely hope that my name may be put back on the list. It is always fine to know 'where and what' the crowd from Antioch is doing."

—V—

"I want to thank you for sending

me the News all this time and want to send my regards to everyone back in Antioch. Before too much longer, I hope to be able to do it myself."

Canning Tips You'll Want to Use...

Here's an easy way to make Mason jars look spic, span and new! Boil them, using 1 cup of vinegar to 1 gallon of water.

Use a French fryer for sterilizing lids

and jar rubbers. Saves any chance of burning your hands. Prevent sugar forming in preserves or jam by adding 1 tsp. of corn syrup to each pint.

Put several marbles in kettle when making chili sauce or apple butter. Marbles roll across bottom of pan and this prevents scorching.

Try canning fruit juices for drinking. (Use no sugar or sweetening.) Set

some aside so you can make up a small batch of jelly at any time during the winter when you have an extra supply of sugar on hand.

When melting paraffin, do not allow it to smoke. Pour a thin layer over jelly or jam, tilting glass so a little of the paraffin comes up on sides of glass. This prevents paraffin from shrinking away from the sides.

Library News

(By Marian Rigby, Librarian)

"The World, the Flesh and Father Smith," by Bruce Marshall, is the story of a priest in a Scottish city—of his friends, the exiled French nuns, Monsignor O'Duffy, Father Bonnyboat. Three decades are covered, and the children the young priest baptizes at the beginning of the book are off to success and failure, to marriages and to war, before the end. Like "Father Malachy's Miracle," this book contains wisdom, music, comfort and laughter.

Two new mystery stories, "Fallen Angel," by Marty Holland, and "The Owl in the Cellar," by Margaret Scherf, were received this week.

In "Tell the People," Pearl Buck describes the "mass education movement" originated by James Yen and rapidly becoming famous among friends of China.

Vocational Guidance Research has compiled a dictionary of jobs, "500 Postwar Jobs for Men," listing 500

different kinds of work, in business, the professions, industry, agriculture, civil service, research, and management. Each job is analyzed in the following ways: present outlook, earnings, job description, requirements, advantages, disadvantages, advancement opportunities, and where to apply.

MILLBURN

There was a good audience at the Sunday morning service at Millburn Church on Sept. 9, when the High School Sunday class, taught by Mrs. Messersmith, presented a plaque to the church. Alan Thain, president of the class, presented the gift which was unveiled by Donna Cade, secretary and treasurer of the class. J. S. Denman accepted the gift for the church.

Mr. Christian, a colored student from the Theological Seminary and friend of Rev. Messersmith, will meet with the Young People Sunday evening, Sept. 16.

The Rev. and Mrs. Messersmith

and several Millburn young people attended a Pilgrim Fellowship Rally at the First Congregational Church in Waukegan Sunday evening. Rev. Messersmith showed colored slides to the group.
